RELEVANT EXPERIENCE

Chief Technology Officer (Software) - Nook

2025– 2026

- Developed a SaaS mental wellness platform, engineering a responsive ReactJS web application and a cross-platform Flutter mobile application.
- Architected accessible, interactive front-end components utilizing Shadcn UI, GSAP, and Lenis to deliver fluid, high-performance user experiences.
- Designed a scalable database architecture, enforcing strict multi-tenant data isolation and robust security protocols.
- Developed core SaaS features including secure user authentication, tenant onboarding workflows, and cross-platform API integrations.

Fullstack Developer - AMS

2024

- Architected a multi-tenant condominium management platform, implementing secure role-based access controls and database schemas for property-level data isolation.
- Engineered real-time monitoring dashboards and custom reporting modules, surfacing key operational metrics to increase data accessibility for property managers.
- Implemented robust data validation schemas and API integration protocols, ensuring cross-platform data integrity, consistency, and zero sync errors.

PROJECTS

Terms Trap

termsstrap.vercel.app

- Engineered an automated document analysis tool that transforms complex Terms of Service (ToS) agreements into standardized "privacy nutrition labels" and safety letter grades.

Better Chess (Google Play)

Mobile Application

- A hybrid mobile board game combining classic chess mechanics with custom rulesets inspired by popular tabletop games.

Solve Sudoku (Google Play)

Mobile Application

- Developed an interactive Sudoku application featuring an automated solver powered by recursive backtracking algorithms to solve valid board states instantaneously.

EDUCATION

University of the Immaculate Conception

Bachelor of Science in Computer Science major in Health Care

2023– 2027

- Academic Scholar
- Student Athlete

Assumption College of Davao

Information Communications Technology (ICT)

2021 – 2023

- With High Honors

SKILLS

Strong Problem-Solving and Debugging Abilities, Responsive Design, Knowledge of UX/UI Best Practices, Effective Communication Skills

TOOLS

NextJS, Laravel, PHP, ReactJS, NodeJS, HTML, CSS, Typescript, Javascript, Framer, GSAP, Lenis ShadcnUI, Bootstrap, MySQL, SQLite, Supabase, MongoDB, Flutter, React Native, Expo
